Business Intelligence Specialist
Oversaw legal aspects of digital business assets, security, and processes. Ensured compliance in customer communication and process training. Enforced brand protection and policies for online campaigns.

Education
University of Cincinnati - EET

Direction
An accomplished and versatile Senior Front End Software Developer with experience across various CMS and JavaScript frameworks. My expertise spans the entire development lifecycle, from inception to deployment and ongoing maintenance.

Able to convert Figma, XD, Sketch documents to working code with pixel-perfect precision.

Adept at creating impactful web experiences while always keeping a keen eye on cross-browser compatibility, responsive mobile-first design, SEO friendly semantic coding, WCAG compliance, clean coding principles and facets for conversion improvement.

Strengths
Teamwork - Well adept at collaborating with cross-functional teams to develop features across many projects simultaneously, leading to timely and accurate results.

Communication - Champion of strong written and verbal communication and documentation.

Initiative - Ability to identify blockers, dig deep and correct accordingly. Methodically organized with the ability to take ownership on any task and deliver with rapid precision.

Soft Skills - Soft skills are as tailored as my technical skills.

Skills
Language/Framework
JS, TS, jQuery, Vue.js, HTML5, CSS3/SASS/Tailwind, Bulma, Bootstrap, Tailwind, Vuetify, PHP, Node.js.
